

End of Day (EOD) Report

Date: 31th July, 2026

Name: M. Abdullah Asim

Accomplishments

- Create a report on the integration of OpenCTi + wazuh project.
- Shift OpenCTI towards HTTPS from HTTP.
- Try to setup and install OpenAEV on a separate Ubuntu server VM.

Challenges

- Dashboard crashing and showing errors for shift over to HTTPS.
- XTM service issue son OpenAEV preventing setup.

What's next

- Finalize the Open CTI + wazuh project and finalize report.
